We welcome anyone who is interested in knowing more about Montana Agri-Women, Montana agriculture, and learning more about vital issues concerning rural Montanans. Montana Agri-Women Promotes education and communication for Montana women in all aspects of agriculture. We strive to educate our members on the important issues involving the agriculture industry and to use this knowledge to provide a strong public relations outlet. As an affiliate of American Agri-Women our goal is to unite women's agricultural organizations, individuals, and consumers to promote agriculture for the benefit of the American people and the world.
